Programme overview

Learn academic referencing from source selection to a checked manuscript: APA 7, a named Harvard variant, Chicago 18 notes/bibliography and author-date, Vancouver/NLM, MLA 9, IEEE and OSCOLA 5, plus Word/Google Docs, Zotero, Mendeley, EndNote and citation auditing. Includes the same 70 written lessons and eleven self-assessed capstones offered in the focused courses. 70 self-paced written English lessons with original examples, practical exercises, explained answers and eleven self-assessed capstones. Optional automated Course Tutor assistance is available in the protected LMS. Independent ZELVU practical study. Software licences, official style manuals, live human teaching, individual marking, recorded lecture series, external accreditation and journal publication are not included. Follow the required institution or journal guide and verify source metadata; examples labelled fictional are for formatting practice only. Includes the same learning material as all eleven specialist referencing courses in this collection, within this single course. Separate specialist purchases are unnecessary. It does not grant separate course entitlements or extend earlier purchases. The broader PhD Research Methodology course is related and sold separately.
