COURSE BROCHURE

Agile QA, Scrum & Defect Collaboration

Diploma, Vocational & Skills / Software Testing & QA

One-time full-course fee

INR 1,199

Access

12 months course access

Study plan

18 suggested study hours; 12 months access

Learning format

6 self-paced written English lessons with original explanations, worked examples, answered exercises and a self-assessed capstone. Includes a protected downloadable local QA practice kit. Existing automated Course Tutor assistance is available in the LMS.

Programme overview

Six practical written lessons on shared acceptance examples, quality within an Increment, complementary feedback, defect triage, CI evidence and a Sprint quality-plan capstone. No Scrum certification, live team facilitation or guaranteed employment is included. 6 self-paced written English lessons with original explanations, worked examples, answered exercises and a self-assessed capstone. Includes a protected downloadable local QA practice kit. Existing automated Course Tutor assistance is available in the LMS. Independent ZELVU practical study. No live instructor classes, recorded lecture series, individual human grading, job placement, external certification, ISTQB accreditation or examination voucher is included. Use only supplied local or explicitly authorised lab targets and fictional data. Tool installation and any required device/emulator are the learner's responsibility; paid cloud services and AI APIs are not required for the supplied exercises. These readings are also included in the separately offered Software QA and SDET Learning Path; compare its published syllabus before buying both.

Who this is for

1. Basic testing concepts and familiarity with simple user workflows. All exercises use fictional records and can be completed in a text document or spreadsheet.
2. Use fictional data and local or explicitly authorised test systems.

Published topics and learning focus

1. Turning a User Need into Shared Acceptance Examples
2. Planning Testing inside an Increment
3. Combining Early Review, Automation and Exploration
4. Conducting Defect Triage without Losing the Evidence
5. Using CI Results and Retrospectives as Quality Signals
6. Capstone: A Sprint Quality Plan and Release Conversation

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
