12 months course access

Study plan

22 suggested study hours; 12 months access

Learning format

Six self-paced written lessons in English with worked examples, exercises, explained answers and a capstone with a self-assessment rubric. Optional automated Course Tutor assistance is available in the protected LMS.

Programme overview

Build an unreduced Sun Prastara/Bhinna Ashtakavarga table from stated traditional contribution rules, audit supplied seven-planet tables and Sarvashtakavarga, map sign scores to whole-sign houses, inspect kakshya contributions, and perform a declared trinal reduction. Advanced Ekadhipatya reduction, sodhya-pinda prediction and complete seven-planet rule memorisation are outside this course. Astrology is studied as a cultural interpretive practice, not scientifically established prediction. Six self-paced written lessons in English with worked examples, exercises, explained answers and a capstone with a self-assessment rubric. Optional automated Course Tutor assistance is available in the protected LMS. Study of traditional and symbolic interpretive methods. Astrological predictions are not scientifically established. No live human classes, personal chart consultation, individual human marking, recorded lecture series, software licence, external accreditation or guaranteed outcome is included. Examples use fictional or supplied data; this course does not provide medical, financial or legal advice. A specialist calculation follow-on to Vedic Astrology, Kundali Reading and Nakshatra/Dasha training. It concentrates on contribution tables and score provenance rather than repeating general planetary interpretation.

Who this is for

1. Comfort with zodiac sign order, whole-sign houses, degree notation and basic arithmetic. Complete a foundation chart-reading course first.
2. Use fictional or explicitly consented chart data; keep personal birth details private.

Published topics and learning focus

1. Read PAV, BAV and SAV without mixing them
2. Construct the Sun PAV and BAV by hand
3. Calculate SAV and map scores to houses
4. Read kakshyas and transit contributions
5. Trinal reduction and source-version audits
6. Capstone: audit a complete Ashtakavarga worksheet

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
