## Programme overview

4 years · 8 semesters · normal-entry B.Tech. / B.E.. Year-wise / professional-phase study plans, original foundation workshops, answered practice and available protected LMS readings. This is supplementary academic learning support, not admission to or award of a university degree. The published 12-month LMS access is not the degree duration. Complete university-specific syllabus coverage is not yet certified.

## Who this is for

1. This is supplementary academic learning support, not admission to or award of a university degree.
2. The duration describes the standard full-time qualification route, not the number of months purchased on ZELVU. University paper names, semester order, electives, admission rules and batch-specific regulations must be checked separately.

## Published topics and learning focus

1. Year 1: Engineering mathematics; Applied physics and chemistry; Programming and graphics; Workshop theory and engineering ethics
2. Year 2: Branch-specific engineering sciences; Mathematics; Materials; Numerical methods

3 Year 3: Declared branch core; Design methods; Analysis; Laboratory interpretation

4 Year 4: Branch electives; Engineering design; Safety and standards; Capstone

## Before you choose

1 These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.

2 ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.

3 Current checkout terms and refund policy apply. Payment and access require successful provider verification.
