COURSE BROCHURE

BTech Subject - Fluid Mechanics

Higher Education · Undergraduate / Engineering & Technology

One-time full-course fee	Access
INR 1,999	**12 months course access**
Study plan	**Learning format**
Semester / university aligned	**Self-paced subject reading, Course Tutor and practice**

Programme overview

Supplementary academic support for BTech Subject - Fluid Mechanics, with original concept notes, topic practice, revision and Tutor-led explanation. The underlying degree or qualification is awarded only by the learner's recognised institution.

Who this is for

1. Single-subject supplementary academic support. Match the published reading index to your institution and current syllabus.
2. This is not a complete degree programme. University teaching, clinical or laboratory training, assessment and professional registration remain with the authorised institution.

Published topics and learning focus

1. Fluid Properties: Density, Viscosity, Surface Tension and Capillarity
2. Fluid Statics: Pressure, Manometers and Hydrostatic Forces on Surfaces
3. Buoyancy, Floatation and the Stability of Floating Bodies
4. Fluid Kinematics: Types of Flow, Continuity, Stream Function and Velocity Potential

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
