## Programme overview

Original self-paced written skills course on issue mapping, evidence evaluation, route verification, options and litigation planning in fictional Indian disputes. It is not a comprehensive procedural law qualification. 6 self-paced written English lessons with original worked examples, practical tasks, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS. Independent ZELVU skills study for the Indian legal-practice context. No client leads, client or income guarantee, case-outcome promise, live human instruction, supervised courtroom practice, individual human marking, recorded lecture series, professional enrolment or external accreditation is included. Check current law, court directions and professional rules before actual use; all client and case exercises are fictional.
