Programme overview

Six original self-paced written English lessons on source identity, DOI and metadata verification, claim-to-source support, corrections and retractions, AI-generated citation risks, and a final manuscript reference audit. Includes original case studies, answered exercises, explained checks and a self-assessed capstone. Optional existing automated Course Tutor support; no journal acceptance, professional editorial sign-off, plagiarism-detection subscription or human marking is promised. 6 self-paced written English lessons with original examples, practical exercises, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS. Independent ZELVU practical study. Software licences, official style manuals, live human teaching, individual marking, recorded lecture series, external accreditation and journal publication are not included. Follow the required institution or journal guide and verify source metadata; examples labelled fictional are for formatting practice only. These same six lessons are included in the comprehensive Academic Referencing Complete Course. Choose this focused course or the master route; buying both repeats these lessons.

Who this is for

1. Basic referencing skills and familiarity with one citation style. All practical exercises can use public non-confidential sources or the clearly labelled fictional packets.
2. Use a personal practice manuscript and permitted, non-confidential source records.

Published topics and learning focus

1. Design a claim-to-source audit
2. DOI and metadata verification
3. Corrections, retractions and version status
4. AI citation hallucinations and confidentiality
5. Journal style sheet and final reference check
6. Capstone: audit and repair a manuscript reference packet

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
