Study plan

12 suggested study hours; 12 months access

Learning format

6 self-paced written English lessons with original worked examples, practical tasks, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS.

Programme overview

A written, self-paced course on verifying Indian legal authorities, checking official court information, preparing controlled electronic filing workflows and using fictional or approved non-confidential inputs for carefully supervised AI assistance. It does not authorise live filings or replace forum-specific rules and professional judgment. 6 self-paced written English lessons with original worked examples, practical tasks, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS. Independent ZELVU skills study for the Indian legal-practice context. No client leads, client or income guarantee, case-outcome promise, live human instruction, supervised courtroom practice, individual human marking, recorded lecture series, professional enrolment or external accreditation is included. Check current law, court directions and professional rules before actual use; all client and case exercises are fictional. All six lessons are also included, without additional distinct lesson content, in Advocacy & Law Practice Complete Course. Existing broad litigation, drafting, civil procedure, criminal procedure and Advocate-on-Record courses are related but separate offerings.

Who this is for

1. Basic familiarity with Indian legal practice and ordinary document handling. Exercises use fictional materials; do not upload real client files or submit practice documents to a live court portal.
2. Use fictional case files and avoid uploading confidential client information into practice exercises or AI tools.

Published topics and learning focus

1. A Research Plan and Statutory Currency
2. Judgment, Citation and Authority Validation
3. Court Tools, Docket and Order Verification
4. Electronic Filing Preparation and Proof
5. Confidentiality-Safe AI and Hallucination Checking
6. Capstone: A Verified Digital Case Packet

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
