Programme overview

A written, self-paced course on building a competent, accessible and well-managed Indian advocacy practice and responding appropriately to voluntary enquiries within professional-conduct boundaries. It does not promise clients, income or case outcomes. 6 self-paced written English lessons with original worked examples, practical tasks, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS. Independent ZELVU skills study for the Indian legal-practice context. No client leads, client or income guarantee, case-outcome promise, live human instruction, supervised courtroom practice, individual human marking, recorded lecture series, professional enrolment or external accreditation is included. Check current law, court directions and professional rules before actual use; all client and case exercises are fictional. All six lessons are also included, without additional distinct lesson content, in Advocacy & Law Practice Complete Course. Existing broad Litigation & Advocacy, civil litigation, criminal litigation, drafting and other subject courses are related but separate offerings.
