Learning format

4 self-paced written English lessons with original worked examples, practical tasks, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS.

Programme overview

Four original written English lessons on GeM rate-contract purpose and current feature boundaries, recurring-goods demand estimates, comparable rate schedules, order/version/expiry controls and an integrated fictional reconciliation capstone. This specialist extends basic GeM bidding; it does not include live procurement, service rate contracts, official certification or guaranteed orders. 4 self-paced written English lessons with original worked examples, practical tasks, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS. AI-authored with independent AI editorial checks; independent human academic review is not included. Independent ZELVU skills study using fictional simulations. No government affiliation, official portal certification, tender award, registration approval, live human instruction, individual human marking, recorded video lecture series or actual bid-filing service is included. DSCs, software, portal charges, tender fees, securities and business execution costs are separate. Check current official portal guidance, applicable policies, corrigenda and the exact tender before real use. This focused course is included in GeM Professional Complete Course; a separate purchase is unnecessary when purchasing that complete course. The earlier E-Tendering & Government Procurement Complete Course includes the existing seller/catalogue and bids/reverse-auction GeM core packs, but does not include this new specialist pack. Existing ZELVU Business programmes are separate products and no cross-entitlement is granted.

Who this is for

1. Basic GeM buyer or seller concepts and spreadsheet arithmetic. No real account or procurement authority is needed for the supplied fictional exercises; real RC activity requires current eligibility, assigned roles and organisational approvals.
2. Use the supplied fictional training records. Do not submit training data to real procurement portals or upload confidential bids, private keys, passwords, OTPs or bank details into the Course Tutor.

Published topics and learning focus

1. Plan Repeat Demand for a GeM Rate Contract
2. Compare Rate Schedules on the Stated Basis
3. Control Orders, Rate Versions and Contract Expiry
4. Capstone: Audit a Rate-Contract Order and Receipt

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
