Programme overview

Qualification- and batch-specific academic years + required placement. Year-wise / professional-phase study plans, original foundation workshops, answered practice and available protected LMS readings. This is supplementary academic learning support, not admission to or award of a university degree. The published 12-month LMS access is not the degree duration. Complete university-specific syllabus coverage is not yet certified.

Who this is for

- 1

This is supplementary academic learning support, not admission to or award of a university degree.
- 2

Allied-health titles can denote different awards. BPT/BOT and other healthcare curricula may differ by admission batch and regulator. The four study sections organise available academic topics; they are not a claim that every award lasts four years. Confirm award, current curriculum, clinical phase and compulsory internship with the institution.

Published topics and learning focus

- 1 Year 1: Human / comparative anatomy; Physiology and biochemistry; Professional terminology; Ethics and evidence literacy
- 2 Year 2: Pathology and microbiology; Mechanisms of disease; Discipline-specific foundational theory; Safety and communication
- 3 Year 3: Discipline-specific clinical theory; Community health; Research methods; Interpretation of published evidence
- 4 Year 4: Advanced discipline theory; Quality and safety; Professional documentation; Institution-supervised project preparation

Before you choose

- 1 These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
- 2 ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
- 3 Current checkout terms and refund policy apply. Payment and access require successful provider verification.
