COURSE BROCHURE

# HTML, CSS & Responsive Web Design

Diploma, Vocational & Skills / Computing & Software Skills

**One-time full-course fee**

**INR 1,499**

**Access**

**12 months course access**

**Study plan**

**Suggested 6-8 weeks; self-paced**

**Learning format**

**Self-paced written LMS lessons, practical assignments and answered self-checks**

## Programme overview

Learn semantic HTML, CSS, responsive layouts, accessibility, browser debugging and static-site deployment through written readings and practical website assignments.

## Who this is for

1. Beginners and practising learners building a website-design portfolio.
2. A computer, modern browser and time for practical assignments; external software, hosting and domain costs are excluded.

## Published topics and learning focus

1. How the Web Works: Clients, Servers, URLs, DNS and HTTP
2. HTML: Document Structure, Semantic Elements, Links, Images and Forms
3. CSS: Selectors, the Cascade, Specificity and the Box Model
4. Responsive Design: Viewport, Mobile-First Media Queries, Flexbox and CSS Grid
5. Revision Notes: Web Accessibility Essentials (WCAG, Keyboard Access, Contrast and ARIA)

6 Key Terms and Glossary: Git and Version Control for Web Developers

7 Practice Problems: Debugging HTML, CSS and JavaScript with Browser DevTools

8 Final Revision: Deploying a Static Site, Performance Basics and Front-End Security

## Before you choose

1 These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.

2 ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.

3 Current checkout terms and refund policy apply. Payment and access require successful provider verification.
