Study plan

16 suggested study hours; 12 months access

Learning format

8 self-paced written English lessons with worked calculations and cases, answered exercises, explained knowledge checks and a self-assessed capstone. Existing automated Course Tutor assistance is available in the protected LMS.

Programme overview

Eight substantive written lessons covering scope, separation, grouping, recognition, contract boundaries, measurement selection and service-based reporting, with original cases, answered practice and a self-assessed capstone. This is foundations training, not professional accreditation or recorded-video hours. 8 self-paced written English lessons with worked calculations and cases, answered exercises, explained knowledge checks and a self-assessed capstone. Existing automated Course Tutor assistance is available in the protected LMS. Independent ZELVU study material. No live human teaching, new recorded lecture series, individual professional review, software licence, external examination, accredited CPD credits or IFRS Foundation, ICAI, ACCA or actuarial qualification is included. Simplified fictional examples teach accounting methods; actual reporting requires the applicable standard, current jurisdiction-specific rules and appropriate professional judgement. This specialist course is also included in the IFRS 17 Complete Learning Path; choose the pathway or this focused course to avoid purchasing overlapping material.

Who this is for

1. Basic double-entry accounting, financial statements and present-value concepts. No prior actuarial qualification is assumed.
2. Study using fictional or authorised non-confidential data.

Published topics and learning focus

1. Identify insurance risk and the correct accounting scope
2. Separate components without dismantling an integrated contract
3. Build portfolios, profitability groups and annual cohorts
4. Decide when to recognise contracts and which cash flows belong
5. Understand GMM, PAA and VFA before modelling
6. Explain insurance revenue, premiums and profit
7. Run a complete contract decision workshop
8. Capstone: prepare an insurance-accounting decision pack

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
