Programme overview

Eight original written lessons covering PAA eligibility, remaining coverage, acquisition cash flows, premium allocation, incurred claims, discounting, risk adjustment, onerous groups and a quarterly reporting model with a self-assessed capstone. Examples are simplified educational models with explicit assumptions. 8 self-paced written English lessons with worked calculations and cases, answered exercises, explained knowledge checks and a self-assessed capstone. Existing automated Course Tutor assistance is available in the protected LMS. Independent ZELVU study material. No live human teaching, new recorded lecture series, individual professional review, software licence, external examination, accredited CPD credits or IFRS Foundation, ICAI, ACCA or actuarial qualification is included. Simplified fictional examples teach accounting methods; actual reporting requires the applicable standard, current jurisdiction-specific rules and appropriate professional judgement. This specialist course is also included in the IFRS 17 Complete Learning Path; choose the pathway or this focused course to avoid purchasing overlapping material.
