Study plan

22 suggested study hours; 12 months access

Learning format

8 self-paced written English lessons with worked calculations and cases, answered exercises, explained knowledge checks and a self-assessed capstone. Existing automated Course Tutor assistance is available in the protected LMS.

Programme overview

Eight written applied lessons on financial statement presentation, service and finance results, reconciliations, disclosures, investment classification, expected credit losses and accounting mismatches, ending in an assessed reporting case. Figures are teaching examples, not production valuation models. 8 self-paced written English lessons with worked calculations and cases, answered exercises, explained knowledge checks and a self-assessed capstone. Existing automated Course Tutor assistance is available in the protected LMS. Independent ZELVU study material. No live human teaching, new recorded lecture series, individual professional review, software licence, external examination, accredited CPD credits or IFRS Foundation, ICAI, ACCA or actuarial qualification is included. Simplified fictional examples teach accounting methods; actual reporting requires the applicable standard, current jurisdiction-specific rules and appropriate professional judgement. This specialist course is also included in the IFRS 17 Complete Learning Path; choose the pathway or this focused course to avoid purchasing overlapping material.

Who this is for

1. IFRS 17 foundations plus basic financial statements, double entry, interest and present value. Familiarity with GMM/PAA is helpful.
2. Study using fictional or authorised non-confidential data.

Published topics and learning focus

1. Present insurance and reinsurance positions clearly
2. Separate insurance service from finance performance
3. Build reconciliations and decision-useful disclosures
4. Classify an insurer's financial assets under IFRS 9
5. Calculate and explain expected credit losses
6. Analyse OCI choices and accounting mismatches
7. Prepare an integrated reporting and review pack
8. Capstone: produce and challenge an insurer reporting pack

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
