Study plan

26 suggested study hours; 12 months access

Learning format

8 self-paced written English lessons with worked calculations and cases, answered exercises, explained knowledge checks and a self-assessed capstone. Existing automated Course Tutor assistance is available in the protected LMS.

Programme overview

Eight written lessons explain transition-route selection, retrospective reconstruction, permitted modified retrospective estimates, fair-value transition, data lineage, journal mapping, model controls and an integrated implementation capstone. 8 self-paced written English lessons with worked calculations and cases, answered exercises, explained knowledge checks and a self-assessed capstone. Existing automated Course Tutor assistance is available in the protected LMS. Independent ZELVU study material. No live human teaching, new recorded lecture series, individual professional review, software licence, external examination, accredited CPD credits or IFRS Foundation, ICAI, ACCA or actuarial qualification is included. Simplified fictional examples teach accounting methods; actual reporting requires the applicable standard, current jurisdiction-specific rules and appropriate professional judgement. This specialist course is also included in the IFRS 17 Complete Learning Path; choose the pathway or this focused course to avoid purchasing overlapping material.

Who this is for

1. Understand IFRS 17 group measurement, fulfilment cash flows, CSM and basic double-entry accounting. The GMM and VFA specialist courses are useful preparation for model-specific judgments.
2. Study using fictional or authorised non-confidential data.

Published topics and learning focus

1. Transition dates, impracticability and route selection
2. Historical reconstruction and opening equity entries
3. Permitted modified retrospective estimates and service history
4. Fair-value transition and market-participant assumptions
5. Policy-to-group data lineage and reconciliation controls
6. Measurement movements, journal mapping and closing balances
7. Dry runs, model validation and evidence-based acceptance
8. Transition-to-reporting capstone and marking rubric

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
