Programme overview

Calculate seven- and eight-karaka worksheets, rashi aspects, selected arudha padas, basic argala ledgers and the Atmakaraka Navamsa reference. Learn to read a supplied sign-period schedule while documenting school differences. This introductory method course does not claim exhaustive Jaimini Sutra interpretation or teach death, fertility or guaranteed event prediction. Six self-paced written lessons in English with worked examples, exercises, explained answers and a capstone with a self-assessment rubric. Optional automated Course Tutor assistance is available in the protected LMS. Study of traditional and symbolic interpretive methods. Astrological predictions are not scientifically established. No live human classes, personal chart consultation, individual human marking, recorded lecture series, software licence, external accreditation or guaranteed outcome is included. Examples use fictional or supplied data; this course does not provide medical, financial or legal advice. A defined specialist continuation after general Vedic Astrology and Kundali Reading. It teaches Jaimini-associated sign methods without replacing other schools or duplicating the broader natal syllabus.

Who this is for

1. Foundational natal-chart literacy, whole-sign counting, traditional sign rulers and basic Navamsa calculation.
2. Use fictional or explicitly consented chart data; keep personal birth details private.

Published topics and learning focus

1. Chara karakas: seven- and eight-factor conventions
2. Rashi drishti: build the sign-aspect map
3. Arudha padas: count, project and apply the stated exception
4. Argala and virodhargala: a transparent introductory ledger
5. Karakamsa, chart references and sign-period literacy
6. Capstone: a traceable Jaimini-method worksheet
