Self-paced subject reading, Course Tutor and practice

Programme overview

Supplementary academic support for MBBS Subject - Forensic Medicine & Toxicology, with original concept notes, topic practice, revision and Tutor-led explanation. The underlying degree or qualification is awarded only by the learner's recognised institution.

Who this is for

1. Single-subject supplementary academic support. Match the published reading index to your institution and current syllabus.
2. This is not a complete degree programme. University teaching, clinical or laboratory training, assessment and professional registration remain with the authorised institution.

Published topics and learning focus

1. Legal Procedure, Inquest, Medical Evidence, Consent and Negligence
2. Identification of the Living and the Dead: Age, Sex, Stature, Fingerprints and DNA
3. Death, Post-mortem Changes and Estimating the Time Since Death
4. Mechanical, Firearm and Thermal Injuries and Their Medico-legal Importance

Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
