Study plan

Self-paced written foundations; 12 months access

Learning format

Eight self-paced written lessons in English, fictional worked cases, explained practice and a final exercise with a model solution. Automated Course Tutor support is available in the LMS.

Programme overview

Foundational self-paced study of US administrative professional billing: intake, eligibility, claim preparation, submission control, remittance posting, reconciliation, balance review and exception escalation. Exercises use fictional US-dollar records. This course does not qualify a learner for clinical practice, award CPC/CPB certification, provide live instruction or software access, or teach every payer, specialty, institutional-claim or Indian insurance rule. Estimated study time includes written exercises and review, not live teaching. Eight self-paced written lessons in English, fictional worked cases, explained practice and a final exercise with a model solution. Automated Course Tutor support is available in the LMS. Nonclinical foundation training. No live classes, recorded lecture series, individual human marking, software subscription, job guarantee, AAPC/AHIMA affiliation or external professional certification is included. External examinations, memberships and licensed reference materials are separate. US coding and billing examples are not an Indian insurer rulebook. This is the end-to-end billing foundation. The separate receivables and denials course develops follow-up, prioritisation and appeal-evidence work in greater detail.

Who this is for

- 1 For adults with English reading skills and basic arithmetic. Medical terminology is helpful; no live billing-software account is supplied.
- 2 Use fictional information for every exercise; do not upload identifiable patient records.

Published topics and learning focus

- 1 Revenue-cycle events, responsibilities and the billing ledger
- 2 Safe intake, source records and privacy
- 3 Eligibility, benefits and payer order
- 4 Claim inputs and the purpose of an 837
- 5 Edits, rejections and acknowledgment control
- 6 Remittance posting and payment reconciliation
- 7 Balance review, secondary coverage and reliable reports
- 8 Capstone: reconcile three claims and write the handoff

Before you choose

- 1 These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
- 2 ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
- 3 Current checkout terms and refund policy apply. Payment and access require successful provider verification.
