

COURSE BROCHURE

Medical Terminology & Anatomy for Coding

Diploma, Vocational & Skills / Medical Coding & Billing

One-time full-course fee

INR 1,999

Access

12 months course access

Study plan

Self-paced written foundations; 12 months access

Learning format

Eight self-paced written lessons in English, fictional worked cases, explained practice and a final exercise with a model solution. Automated Course Tutor support is available in the LMS.

Programme overview

Nonclinical foundation in medical vocabulary, body-system literacy and faithful chart extraction using fictional cases. No diagnosis, treatment, independent code assignment, external credential or live practical training. Eight self-paced written lessons in English, fictional worked cases, explained practice and a final exercise with a model solution. Automated Course Tutor support is available in the LMS. Nonclinical foundation training. No live classes, recorded lecture series, individual human marking, software subscription, job guarantee, AAPC/AHIMA affiliation or external professional certification is included. External examinations, memberships and licensed reference materials are separate. US coding and billing examples are not an Indian insurer rulebook. Terminology and documentation themes support the other courses. This course teaches vocabulary and chart reading; it does not replace the separate coding or billing workflow courses.

Who this is for

- 1 For adult beginners with English reading skills. No medical qualification is required for this nonclinical foundation course.
- 2 Use fictional information for every exercise; do not upload identifiable patient records.

Published topics and learning focus

- 1 Reading Medical Word Parts Without Guessing a Diagnosis
- 2 Abbreviations, Negation and the Structure of a Clinical Note
- 3 Anatomical Location, Laterality, Skin and Musculoskeletal Terms
- 4 Heart, Lungs, Nervous System and Special-Sense Vocabulary
- 5 Digestive, Urinary, Endocrine and Reproductive Record Vocabulary
- 6 Symptoms, Signs, Results and Diagnoses: Preserving the Evidence Level
- 7 Building an Evidence-Based Coding Preparation Worksheet
- 8 Capstone: Read, Extract and Explain a Fictional Encounter

Before you choose

- 1 These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
- 2 ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
- 3 Current checkout terms and refund policy apply. Payment and access require successful provider verification.
