Programme overview

An introductory-to-intermediate practice course in a declared sign-trine Bhrigu Nandi Nadi convention. Covers chart inventory, association maps, symbolic synthesis and cautious transit comparison. It does not teach palm-leaf identification, every Nadi lineage, guaranteed forecasts or medical/financial decision-making. Six self-paced written lessons in English with worked examples, exercises, explained answers and a capstone with a self-assessment rubric. Optional automated Course Tutor assistance is available in the protected LMS. Study of traditional and symbolic interpretive methods. Astrological predictions are not scientifically established. No live human classes, personal chart consultation, individual human marking, recorded lecture series, software licence, external accreditation or guaranteed outcome is included. Examples use fictional or supplied data; this course does not provide medical, financial or legal advice. Extends vedic-astrology-foundation-advanced and kundali-reading-horoscope-analysis with a specific association method; it does not replace their natal-house, dasha or divisional-chart lessons.
