## Programme overview

Six original written lessons on OSCOLA fifth-edition academic citation: legal source records, cases, legislation, books, articles, subsequent footnotes without ibid, bibliographies and a cross-jurisdiction orientation to ILI and Bluebook. Includes fictional worked exercises and a self-assessed capstone; this is academic-writing education, not legal advice or a complete Bluebook programme. 6 self-paced written English lessons with original examples, practical exercises, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS. Independent ZELVU practical study. Software licences, official style manuals, live human teaching, individual marking, recorded lecture series, external accreditation and journal publication are not included. Follow the required institution or journal guide and verify source metadata; examples labelled fictional are for formatting practice only. These six lessons are also included in the Academic Referencing Complete Course. Choose the specialist course for OSCOLA-focused study or the comprehensive path for all included styles; buying both repeats this material.
