Programme overview

Common bachelor route: 4 years including placement; exact award / batch may differ. Year-wise / professional-phase study plans, original foundation workshops, answered practice and available protected LMS readings. This is supplementary academic learning support, not admission to or award of a university degree. The published 12-month LMS access is not the degree duration. Complete university-specific syllabus coverage is not yet certified.

Who this is for

- 1 This is supplementary academic learning support, not admission to or award of a university degree.
- 2 The cited institutional routes include bachelor programmes with three years of academics and one year of internship. Some universities prescribe a different total or phase structure. Confirm the exact award and admission batch. ZELVU supplies academic learning support, not supervised clinical or laboratory competence.

Published topics and learning focus

- 1 Year 1: Anatomy and physiology; Imaging physics; Medical terminology; Radiation-safety theory
- 2 Year 2: Imaging-system principles; Cross-sectional anatomy; Quality assurance; Patient communication and ethics
- 3 Year 3: Advanced imaging academic theory; Research and data interpretation; Professional documentation; Supervised-placement preparation
