Programme overview

Interpret a consultancy invitation, map eligibility and authentic CV evidence, turn terms of reference into a practical methodology, apply a supplied evaluation matrix, prepare a coherent financial proposal and review a fictional complete submission. Six original written lessons include model answers and a 20-mark capstone. Selection methods and conditions remain procurement-specific. 6 self-paced written English lessons with original worked examples, practical tasks, explained answers and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS. AI-authored with independent AI editorial checks; independent human academic review is not included. Independent ZELVU skills study using fictional simulations. No government affiliation, official portal certification, tender award, registration approval, live human instruction, individual human marking, recorded video lecture series or actual bid-filing service is included.
