Programme overview

Build English conversation skills for introductions, daily routines, shopping, travel, appointments, phone calls and workplace updates. Study the existing spoken-English foundations and the dedicated six-lesson Everyday Speaking Practice module. Each new reading includes explanations, a model dialogue, guided speaking practice, common mistakes and answered self-checks. Follow the suggested four-week practice plan at your own pace. This programme includes self-paced readings and AI Course Tutor support; live classes and individual human feedback are not included.
