Programme overview

Four original readings cover the document register and backward timeline, writing a statement of purpose with evidence, briefing referees, a study-abroad CV, planning language and admission tests, and assembling a complete application pack. Fictional examples throughout; no offer is promised. 4 self-paced written English lessons with original fictional examples, explained checks and a self-assessed capstone. Optional automated Course Tutor assistance is available in the protected LMS. Readings are AI-authored with automated structural checks; independent human academic review is not included. This is general educational preparation, not immigration, legal, financial, tax or medical advice. No fees, caps, processing times or visa rules are stated because they change: each lesson teaches you to read the current official page. No admission, scholarship, loan, visa or employment outcome is promised, and ZELVU is not an agent or representative of any university or government. Tuition, application and visa fees, tests, insurance and travel are separate. Live human classes, individual feedback, consultancy and a recorded video lecture series are not included. Suggested study time is not video runtime. The same written material is included in Study Abroad Complete Pathway. Choose this

focused course or the pathway; buying both duplicates this material. A pathway purchase does not grant separate focused-course entitlements. The existing Study Abroad Readiness course is sold separately.
