**Study plan**

**24 suggested study hours; 12 months access**

**Learning format**

**Six self-paced written lessons in English with worked examples, exercises, explained answers and a capstone with a self-assessment rubric. Optional automated Course Tutor assistance is available in the protected LMS.**

## Programme overview

Calculate a solar-return estimate and Muntha, inspect Tajika aspect application with stated orbs, audit supplied Panchavargiya strengths and year-lord candidates, and construct Patyayini period proportions. Uses supplied synthetic charts and explicitly bounded conventions. It does not teach every Tajika yoga, saham, strength lookup or annual predictive system. Astrology is a cultural and interpretive practice, not scientifically established prediction. Six self-paced written lessons in English with worked examples, exercises, explained answers and a capstone with a self-assessment rubric. Optional automated Course Tutor assistance is available in the protected LMS. Study of traditional and symbolic interpretive methods. Astrological predictions are not scientifically established. No live human classes, personal chart consultation, individual human marking, recorded lecture series, software licence, external accreditation or guaranteed outcome is included. Examples use fictional or supplied data; this course does not provide medical, financial or legal advice. A specialist annual-chart course following general Vedic Astrology and Kundali Reading. Solar-return calculation, Muntha, Tajika aspect conditions and annual period arithmetic distinguish it from general natal, Panchang and Nakshatra courses.

## Who this is for

1. A foundation in zodiac longitude, sign rulers, whole-sign houses and basic chart reading. Degree arithmetic and fractions are needed.
2. Use fictional or explicitly consented chart data; keep personal birth details private.

## Published topics and learning focus

1. Find the annual solar return and document its conventions
2. Calculate Muntha and keep annual houses separate
3. Tajika aspects: orb, application and separation
4. Audit strengths and select a year-lord candidate
5. Construct Patyayini period proportions
6. Capstone: assemble an auditable annual-chart report

## Before you choose

1. These are published programme highlights, not certification of complete syllabus coverage. Review the available reading index and programme trial before enrolling.
2. ZELVU provides learning support. It does not award the underlying degree, professional registration or an examination result.
3. Current checkout terms and refund policy apply. Payment and access require successful provider verification.
