Programme overview

Compare two supplied natal charts through cross-chart aspects, directional house overlays and shorter-arc midpoint composites. Includes uncertainty, ethical reporting and original worked portfolios; does not provide compatibility certification or relationship predictions. Six self-paced written lessons in English with worked examples, exercises, explained answers and a capstone with a self-assessment rubric. Optional automated Course Tutor assistance is available in the protected LMS. Study of traditional and symbolic interpretive methods. Astrological predictions are not scientifically established. No live human classes, personal chart consultation, individual human marking, recorded lecture series, software licence, external accreditation or guaranteed outcome is included. Examples use fictional or supplied data; this course does not provide medical, financial or legal advice. A Western relationship-chart specialization. Vedic guna matching and relationship-chart methods are covered separately; no compatibility score or personal consultation is included.

Who this is for

1. Western natal-chart foundations, sign-to-longitude conversion and major aspect calculation.
2. Use fictional or explicitly consented chart data; keep personal birth details private.

Published topics and learning focus

1. Two-chart analysis: inputs, purpose and limits
2. Build and audit a synastry aspect matrix
3. House overlays and the direction of comparison
4. Circular midpoints and composite-chart construction
5. A relationship-chart report that supports direct dialogue
6. Capstone: a two-chart calculation and interpretation portfolio
