**Downloadable planning guide and online subject checks**

## Programme overview

Distinguish academic social-science study from routes into regulated professional practice. Compare three Anthropology programmes at your intended qualification level using the institutions' official curricula and requirements.

## Who this is for

- 1 Prospective international students and parents researching this subject area.

## Your subject research checklist

- 1 Check statistics, methods and prior-subject prerequisites for the intended level.
- 2 Compare dissertation supervision, fieldwork access and ethics requirements.
- 3 For clinical or counselling ambitions, verify professional accreditation separately from university recognition.
- 4 Academic fit: record previous subjects, grades, language evidence and any portfolio, entrance test or work experience.
- 5 Cost: save official tuition, living-cost estimates, currency, deposit deadlines and cancellation conditions with the date checked.

- 6 Outcome: distinguish the qualification from professional registration, placement and immigration outcomes; verify each separately.
- 7 Area example: A general psychology degree and a professional clinical training route have different entry and practice outcomes. Map the full route before paying a deposit.
- 8 Your output: a three-option comparison and unanswered questions for universities. Mark missing facts as unverified.

## Before you choose

- 1 This guide is not a degree, a partner-university listing, or an additional paid ZELVU course. University tuition and government charges are separate.
- 2 Verify recognition, eligibility, curriculum, fees and deadlines directly for the institution, campus, level and intake. Admission and visa decisions remain with the relevant authorities.
- 3 Optional consultation, shortlisting and application support have separate scopes and fees. No admission, scholarship or visa outcome is guaranteed.

## Take the next step
